Plan ahead, if a fire breaks out in your home, everyone needs to know what to do & where to go.

Escape Planning Safety Tips

- **Make a home escape plan. Draw a map of your home showing all doors & windows. Discuss the plan with everyone in your home**
- **Know at least 2 ways out of every room, if possible. Make sure all doors & windows leading outside open easily.**
- **Have an outside meeting place (like a tree, light pole or mailbox) a safe distance from the home where everyone should meet,**
- **Practice your home fire drill at night & during the day with everyone in your home twice a year.**
- **Practice using different ways out.**
- **Teach children how to escape on their own in case you can't help them.**
- **Close doors behind you as you leave.**
- **If the smoke alarm sounds, GET OUT & STAY OUT. Never to back inside for people or pets.**
- **If you have to escape through smoke, GET LOW & GO under the smoke to your way out**
- **CALL 911 from outside your home.**
